

# Cause I Can Do It Right

Big Daddy Kane

Move over bacon there's somethin meatier  
A natural born lover with love to give free to ya  
Meatier, so all you bacon lovers move over  
'Cause I'm so smooth they should call me Blackanova  
I'm not tryin to say that I'm number one  
I'm just a smooth operator that gets the job done  
So, let me lick you from head to toe  
Real slow  
'Cause ever since I was young I could keep girls sprung  
Just by the movement of my tongue  
I remember it all started way back  
In umm...Kindergarten!!  
Some played with Lego's, some played with Play-Doh  
But I was feelin girls like a ripe tomato  
And now it's 1990 and you can find me as I dunk  
Lockin up girls like I want  
Yes I got a harem, but I don't share em  
I collect em like Playdium and mmm, you gotta see em  
Because the ladies is all I dream of  
And not even Anita Baker can give sweeter love  
You know why?

'Cause I can do it right  
Yes I can!

Step up girls and get somethin to treasure  
And welcome to the Smooth Operator's Palace of Pleasure  
And if you're wonderin if I want it  
I got a Kraftmatic with your name written on it  
I reminisce sayin I take em eight to eighty  
But I was just kiddin, no you have to be a lady  
Even if you're too young, with the hypest body  
I just don't go to a Similak party  
So all those of age, we can get intimate  
Bumper to bumper, so you can get your fender bent  
I treat girls just like pastry  
Mmmmm tasty!  
Very kinky when it comes to hanky panky  
A well known player, but not for the Yankees  
I won't say I'm the baddest or portray that role  
But I'm up to top two and my father's gettin old  
I'm takin love to a brand new height  
And if lovin girls is wrong I don't want to be right  
'Cause my man Babyface said that it's no crime  
And of course I'll work Diana Ross overtime  
You know why?

'Cause I can do it right  
Yes I can!

If I was on the movies I'd frame Roger Rabbit  
Play Spike Lee with Jessica, because she's gotta have it  
But I'm not an actor, I'm just a mack  
That charms girls as I whisper sweet nothings to attract her  
And bring about that feelin of passion  
To have her on my body like modern day fashion  
Layin next to me, in pure ecstasy

You're like a door and you know that sex the key  
So send your man to the lost and found  
I'm bringin somethin that's world renowned  
In other words - good lovin that's major  
I got girls in more areas than a SkyPager  
Runnin around sayin, "Please me, please me, please me"  
That's why I say it ain't easy  
But I've been able to maintain my status  
With ladies mackin without ifs ands or maybes  
And other players just can't understand it  
And couldn't keep they girls even if they were branded  
I always end up with them on my shelf  
I gotta jump back and kiss myself  
You know why?

'Cause I can do it right  
Yes I can!
