

Turn The Light Out

Big Head Todd and the Monsters

I closed the door.
She stole the key.
I gave her pearls.
I washed her feet.
I said "My love," she was asleep.
Dreaming of other things.

She's going to turn the light out.
Close your eyes, let it be.
She's going to turn the light out.
Time is out on me.

Carry on, in restless speech.
That we'd belong. We long to be,
Inside someone. Inside of me.
And all my wrong be left at sea.

She's going to turn the light out.
Close your eyes, let it be.
She's going to turn the light out.
Time is out on me.
