```
I got this here, I got this here, nigga I got this here
I got this here, I got this here, nigga I got this here
I got this here, I got this here, nigga I got this here
Big backyard with a house on the hill
Old school whip with some big ass rims
Fuck these haters, fuck these hoes
Well I suppose niggas gon' hate on me
Well that's cool
I got shows, getting money I can barely fold
Cause that's what I do
And ain't nobody gon' pimp K-R-I-T
Yea, that's how I feel
And them diamond niggas always rhyming 'bout
It's against my will
And ain't nobody gon' check none of me or mine
In God I trust
If you think I'm out here tricking these hoes
You got me fucked up
And ain't no playing in the south, turn a bad bitch out
When I grab my pipes
Y'all niggas think this shit came oh so easy
It wasn't over night, but
I got this here, I got this here, nigga I got this here
I got this here, I got this here, nigga I got this here
I got this here, I got this here, nigga I got this here
Big backyard with a house on the hill
Old school whip with some big ass rims
Fuck these haters, fuck these hoes
Now I suppose I'm doing quite alright
Ever since I blew
Never worry about me or worry about mine player
Worry about you
And ain't nobody gon' block my shine today
With the roof gone
I got a top notch bitch, you need something like this
But you gotta get your own
And ain't nobody gon' wreck this hard
When I'm traveling down the boulevard
```

Now they hollering out "Oh my God!"
Cause they never seen rims this large
That's country shit
Well that's cool cause I'm country, bitch
I never turn my back, I burn on wax
And stack my cash 'til I'm country rich, cause
