

# Party Like Cowboyz (Galactic Version)

Big & Rich

Discount box wine  
Burning like turpentine  
Anything to get us buzzed  
We got six strings, G strings  
Pawn shop bling bling  
Raisin' hell just because  
Even old grannies getting chatty and batty  
On pappy's apple pie moonshine  
I don't know what you're expecting but buddy if you're bettin'  
I'd be bettin' on a hell of a time

'Cause you know we're gonna party like cowboyz  
Whoop out the big toys  
Pour on the gasoline  
Put some fire on the fuses  
We're 'bout to do this  
Pumped on adrenaline  
We're getting jackety jacked up, beer backed and doubled up  
Stand up and make some noise  
We're gonna party like cowboyz

Some girls are gettin' flirty and some are dancing dirty  
The country girls are coming alive  
Some guys are rocking and some dudes are socking  
And gonna have to take it outside  
Two for ones are going, the pyro is blowing  
The whole place is coming unwound  
The roof is a raisin', the whole place is shakin'  
And we're just getting started now

'Cause you know we're gonna party like cowboyz  
Whoop out the big toys  
Pour on the gasoline  
Put some fire on the fuses  
We're 'bout to do this  
Pumped on adrenaline  
We're getting jackety jacked up, beer backed and doubled up  
Stand up and make some noise  
We're gonna party like cowboyz

Feeling kinda Tonto riding on a pinto  
Screaming cross the wide open range  
Got fire for a saddle  
Make the red dirt rattle  
'Cause I'm riding on a trail of flames and she's a beautiful thing  
She goes so fast, kick a jet plane's \*\*\*  
And dang I love them footloosin' ways  
Like a bull in a cage, make a cowboy rage  
If I ever get to ride that hottie with a brain

Getting' jackety jacked up, beer backed and doubled up  
Stand up and make some noise  
Gonna party like cowboyz  
Yeah we're gonna whoop out the big toys  
Pour on the gasoline (gonna party like cowboyz)  
Put some fire on the fuses  
We're 'bout to do this

Pumped on adrenaline (gonna party like cowboys)  
Getting jackety jacked up, beer backed and doubled up  
Come on and make some noise... (gonna party like cowboys)  
We're gonna party like cowboys (I'm a cowboy baby)  
I'm a cowboy
