

You Never Stop Loving Somebody

Big & Rich

It's complicated when love has faded
And you can't hold on anymore
You gotta let go even though you know
Your heart's gonna hate it
And it just might break it

You never stop loving somebody
No matter what you tell yourself
You never stop loving somebody
You just start loving somebody else

The only solution, is making the conclusion
That it's just another lesson in life
Even though it's over
It's never really over at goodbye
No matter how hard you try

You never stop loving somebody
No matter what you tell yourself
You never stop loving somebody
You just start loving somebody else

No matter what you say or what you do
Even when you find somebody new

You never stop loving somebody
No matter what you tell yourself
You never stop loving somebody
You just start loving somebody else

Start loving somebody else
Oh, start loving somebody else
Start loving somebody else
