

# Bonny

Bill Monroe

Every word on my mind, Bonny is your goodbye  
Black, black, black, black is the day  
No sun is shining in my world  
Bonny, since you went away

Sad, sad, sad, sad is my heart  
All my laughter's turned to tears  
Bonny, since you've been apart

Every pretty flower has turned to brown  
They all look like me with their head tied down  
My heart only sing the sadness song  
Bonny, since you've been gone

Cry, cry, cry, you know I cry  
Every word on my mind, Bonny is your goodbye  
Every word on my mind, Bonny is you goodbye
