## Bonny

**Bill Monroe** 

Every word on my mind, Bonny is your goodbye Black, black, black, black is the day No sun is shining in my world Bonny, since you went away

Sad, sad, sad, sad is my heart All my laughter's turned to tears Bonny, since you've been apart

Every pretty flower has turned to brown They all look like me with their head tied down My heart only sing the sadness song Bonny, since you've been gone

Cry, cry, cry, you know I cry Every word on my mind, Bonny is your goodbye Every word on my mind, Bonny is you goodbye
