

# July July July

Billy Paul

July, July, July, July  
Oh me, oh me, oh me, oh my  
July, July, July, July  
Oh me, oh me, oh me, oh my

I never thought the day would come  
When I would be so sure  
Of who I am and exactly where I'm going  
I never thought the day would come  
When I'd be knowing truth like I'm knowing

Lucky, lucky me  
I'm as happy as I can be  
But I was able to find that right road  
That makes me be on time  
'Cause I feel like I was just born, just born, just born again

July, July, July, July  
Oh me, oh me, oh me, oh my  
July, July, July, July  
Oh me, oh me, oh me, oh my

Deep down inside I guess I knew  
That all I needed was someone  
To come along to show me the way  
I can't explain how much I got  
Out of all the things I hear you say

Lucky, lucky me I'm as happy as I can be  
But I was able to find that right road  
That makes me be on time  
'Cause I feel like I was just born, just born, born again

July, July, July, July  
Oh me, oh me, oh me, oh my  
July, July, July, July  
Oh me, oh me, oh me, oh my

January, February, March, April, May, June, then comes July  
That's when it all started, when it all started in July  
I was born, I was born, I was born, I was born, born again in July  
I found love was happenin', I found love was happenin' in July  
Our love sticks under the weather, our love stick under the weather in July  
I was able to pick the right road, I was able to pick the right road in July  
I knew exactly where I was goin', I knew exactly where I was goin' in July  
Summertime, summertime, summertime, summertime, then July  
It's going ???dead beat, it's going dead??? than July

July, July, July, July  
Oh me, oh me, oh me, oh my  
July, July, July, July  
Oh me, oh me, oh me, oh my

July, July, July, July

Oh me, oh me, oh me, oh my  
July, July, July, July  
Oh me, oh me, oh me, oh my

July, July, July, July
