Binocular

So this is what you mean
And this is how you feel
So this is how you see
And this is how you breathe
Sometimes
I know
Sometimes
I go down deep
Oh

So this is what you mean
And this is how you feel
So this how you see
And this is how you breathe

Sometimes
I know
Sometimes
I go down deep
Oh

Beneath the deep blue sea
Touching every breath
All a slight off hand
For everything you left

Sometimes
I know
Sometimes
I go down deep
Oh

Sometimes
I give myself for you
Sometimes
I know down deep
