

Rest Here My Brother

Birds of Tokyo

Head up
Head up high

Get up
Get outside
Get up
Get outside

Rest here my brother
See what they left you to find
Rest here my brother
See what they left you inside now

They don't listen
Hold my breath as I rise
They don't listen
Hold my beath 'till I die

Get up
Get outside
Get up
Get outside

Now you know why

Rest here my brother
See what they left you to find
Rest here my brother
See what they left you inside now

They don't listen
Hold my breath as I rise
They don't listen
Hold my beath 'till I die
Once and for all

Get up
Get outside
Get up
Get outside
