

Wild Eyed Boy

Birds of Tokyo

One last kiss
The few and the far between
Assuming it's my first time
Assuming it ought to be

Send me an IOU
I'll send you another chance
To see if you got my back
To see if I can depend on you

Wild eyed boy
Your heart still won't settle
Wild eyed boy
How much can you take?

Say my name
If you truly wanna see
What matters and what's for real
What you should have meant to me

Sing me a lullaby
Sing me a song of change
Assuming that I don't mind
Assuming that I depend on it

Wild eyed boy
Your heart still won't settle
Wild eyed boy
How much can you take?

Wild eyed boy
Your heart still won't settle
Wild eyed boy
How much can you take?

They told you you're no good to any
Tell yourself you're so good to many
Sell your soul you're no good to any
How much can you take?

Wild eyed boy
Your heart still won't settle
Wild eyed boy
How much can you take?

Wild eyed boy
Your heart still won't settle
Wild eyed boy
How much can you take?
