You□re sitting next to me, you don□t know what to say to me, you□re afraid that I might just worship you, tie myself to you

You Tre sitting next to me, you Tre staring at the screen, you cannot see me, IDm not here
They found the fountain of the endless love

Boy you hurt me, too much

You re sitting next to me, you re taking my hand, turning away from me, I can t wait Cuz every time you choose you choose the same

You \Box re sitting next to me, you \Box re so afraid you cannot please me, make me satisfied They found the fountain of the endless love
