

Bad Girl

Black Buddafly

Guess who (hey, hey)
F to the A-B (hey)
Black Buddafly Let's go
And I'm a bad boy Like Martin and Will Show
u what u been missin' Like da kids on the carton of milk
Hey, I can snatch something bad outta tha hood
And bring 'em back to the pad out by da woods
You know the crew bring the bad outta da good
And I'm usually not layin' in the boozy spots
Girl, we can blow quicker than oozi shots
Chill where da cristal's cold Jacuzzi's hot Ya feel me?

I ain't really the kinda girl That would
say that I'm a bad girl Though I should
So many times I did what I thought was right
But ended up in pain and that's why I'm like
I still believe and I'm hopin'
That I will find real love
But right now is not the time for that
Cuz I'm young and I'm bad and I like that

Oh,
do you feel me now Oh,
dance with me now
Ladies help me out

Ay if you feel me
Move wit me and don't stop
Put your hands up
Soon as the beat drops
Cuz usually I'm not like this but tonight
I'm a bad girl
I'm a bad girl
And tonight we gonna show u How we get down

Don't think I'm innocent
Might look like that outside But when
I be alone wit you You'll see different
Cuz all those boys dig those crazy things
I like it so good and so deep
Like I said for me straight to sleep
Don't get me wrong because I'm not a ho
I tell where to stop and when to go

Oh
do you feel me now Oh,
dance with me now
Ladies help me out, what

Ay if you feel me
Move wit me and don't stop
Put your hands up
Soon as the beat drops
Cuz usually I'm not like this but tonight
I'm a bad girl
I'm a bad girl
And tonight we gonna show u How we get down

(2x)

Hey, Hey Once a good girl gone bad She's gone forever
Prolly with me enjoying California weather
Hey Mami, we belong together
Like the white and yellow stones
That set into the prom together
And now a girl get into a stressed out mood
And go bad faster than left out food
They say it's the lazy flow the shorties love
It drive 'em crazy though, like Courtney Love
I keep a bad one that also's a good cook
5th Ave. classy mixed with da hood look
And my good look them bad for yo health
And everybody know you can do bad by yourself, girl

Ay if you feel me
Move wit me and don't stop
Put your hands up
Soon as the beat drops
Cuz usually I'm not like this but tonight
I'm a bad girl
I'm a bad girl
And tonight we gonna show u How we get down

Do you feel me now
Dance with me now
Ladies help me out
