

Best One Yet

Black Flag

You say you don't like the things I've done.
You say you don't like what I've become.
When you look into the mirror, tell me what you see.
When you see yourself then you'll see me.

This will be the best one yet.
This will be the best one yet.
This will be the best one yet.
This will be the best one yet.

You're walking around with your eyes wide open
And you're walking around with your mind shut tight
When you look into the mirror, tell me what you see
When you see yourself then you'll see me

This will be the best one yet.
This will be the best one yet.
This will be the best one yet.
This will be the best one yet.

I don't need you to tell me what to be
I don't need you to tell me what I see
Take a look around, take a look around, take a look around
When you come on home tell me what you've seen

This will be the best one yet.
This will be the best one yet.
This will be the best one yet.
This will be the best one yet.

You say you don't like the things I've done.
You say you don't like what I've become.
When you look into the mirror, tell me what you see.
When you see yourself then you'll see me.

This will be the best one yet.
This will be the best one yet.
This will be the best one yet.
This will be the best one yet.
