

## Agony

## Black Heaven

I feel the pain of loneliness  
at the base of consciousness  
I wanna taste your golden flesh  
There's nothing that I want to say  
oh love me now, love me today  
you lead my hand between your legs

Oh agony, my agony ...

I'm living in a violent dream  
where nothing is for what it seems  
slowly I stroke your naked skin  
oh could I live a second life,  
I say with tears in my eyes :  
"there's no forgiveness for my sins"
