

## Spring Vacation

Black Oak Arkansas

Spring days to summer days  
the heat wave is here  
let's run free you and me  
it's that time of the year

Birds swoon and flowers bloom  
it's time to mate if it ain't too late  
on summer beaches women teach us  
that in heat we all relate, all relate

Less clothes on women  
from the warm skies of heaven  
the season of creation  
comes with spring vacation

Clubs are rockin, everybodies hoppin  
there are parties all over town

don't matter who you are, if you haven't  
got a car  
you can hitch to get around - get around

Get out of the house have some fun  
burn your skin in the summer sun  
I'm happy now that winter's done  
cause now I'm free, free to run

Less clothes on women  
from the warm skies of heaven  
the season of creation  
comes with spring vacation  
I tell ya that there's much anticipation  
yes for nature's chain reaction  
and it comes with spring vacation  
all across the nation
