

Free Man

Black River

I cannot breathe
I cannot flee
All I see inside you
Go, go around with you again
I feel, I hear your madness

Expect it
I'm coming
Be careful
I'm coming
Be careful
I'm coming
Be careful
My coming

That life is dead
I'm beginning new
I'm gonna kill my memory
I will destroy all that is yours
I cannot lose my freedom

I cannot breathe
I cannot flee
When you are so close behind me
It's not a joke
I'm really mad
I can kill you, baby

You never, never, never know
This will happen on and on
One of you
One of us
Will experience madness
Anytime
Anyhow
Do experience harder

So understand it now
Your life's a joke
Until you free yourself

I'm free man
I'm coming
Be careful
I'm coming
Be careful
I'm coming
Be careful
My coming

That life is dead
I'm begining new
I'm gonna kill my memory
I will destroy
All that is yours
I cannot lose my freedom

I'm coming, coming, coming
I'm coming, coming, coming
I'm coming, coming, coming
I'm coming, coming, coming

You never, never, never know
This will happen on and on
One of you
One of us
Will experience madness
Anytime
Anyhow
Do experience harder

So understand it now
Your life's a joke
Until you free yourself
