## **Evil Woman**

## **Black Sabbath**

I've seen a look of evil in your eyes You've been filling me all full of lies Sorrow will not change your shameful deeds Do well best, someone else has better seen

Evil woman, don't you play your games with me Evil woman, don't you play your games with me

Now I know just what you're looking for You want me to claim that child you bore Well you know that it must he not be And you know the way it got to be

Evil woman, don't you play your games with me Evil woman, don't you play your games with

Evil woman, don't you play your games with me Evil woman, don't you play your games with me

Wickedness lies in your moisten lips Your body moves just like the crack of a whip Blackness sleeps on top of your stray bed Do you whish that you could see me dead

Evil woman, don't you play your games with me Evil woman, don't you play your games with me Evil woman, don't you play your games with me Evil woman, don't you play your games with me
