

Someday Salvation

Black Star Riders

Where did all the days go
Did time just steal from us
Hanging out on the corner
Watching it all just turn to dust

Someday salvation
Will get us through the night
Someday salvation
Will make everything alright

Where did all our love go
And those worn out photographs
Like hearts that beat an old refrain
They fade away so fast

You're sayin' someday salvation
Will get us through the night
Someday Salvation
Will make everything alright, alright

Sha na nana
Sha na na nana
Sha na na
Sha na nana
Sha na na nana
Alright!

You can't take a leap of faith
If you're too afraid to fly
Sometimes we get a second chance
Don't let it pass you by
We will fight
We'll be strong
And we'll carry on and on
If we can find some hope in every dream
And make our way back home

You're sayin' Someday salvation
Will get us through the night
Someday salvation
Will make everything alright

You're sayin' Someday salvation
Will be our guiding light
Someday salvation
Will make everything alright, alright

Sha na nana
Sha na nana nana
Sha na na
Sha na nana
Sha na nana nana

Someday salvation
Will be our guiding light
Makes everything alright, alright, alright
Ohhhhhh
