

# Hell & High Water

Black Stone Cherry

I know your hiding places  
I know your every move  
Cus' girl I've been lonely too  
I've seen a million faces  
Been to a million places  
But girl there's no one quite like you

And I'd walk through hell and high-water  
Wash away with the tide  
I could lose a damn war all by myself  
If you were on the other side  
So in the morning when the rooster crows  
Pack your bags and get ready to go  
If you're walking through hell and high-water  
Please don't do it alone

I know you feel let down  
I know you've been turned out  
I wish I'd been there for you  
When the night-time comes around  
And you feel like an un-light town  
Just know I'll be there for you

And I'd walk through hell and high-water  
Wash away with the tide  
I could lose a damn war all by myself  
If you were on the other side  
So in the morning when the rooster crows  
Pack your bags and get ready to go  
If you're walking through hell and high-water  
Please don't do it alone
