## Bleed from Within

Embrace  
Embrace my word  
For them both  
I have to offer

Countless times  
I see the figure in my head  
The only hope that this cannot be  
Cannot be the end

Have I forsaken you?  
Or have I forsaken myself?  
What have we got to lose?  
What have we got to lose?

Someone once told me  
If you really believe in something  
Then you have to see it through  
See it through to the very end

Have I forsaken you?  
Or have I forsaken myself?  
What have we got to lose?  
What have we got to lose?

I am left to pick up the pieces  
Of everything we had and now  
There's one piece missing  
There's one piece missing  
So I am not complete  
My world has been torn apart  
Pulling me down to my knees  
I am gripping on  
Pulling myself back  
Rebuilding the foundations of my life

Have I forsaken you?  
Or have I forsaken myself?  
What have we got to lose?  
What have we got to fucking lose?

You will never understand this situation  
Until you are on your knees  
Praying for a miracle  
That will not just fall from the sky

My final affliction  
My final affliction
