

# She Wolf

## Blessed By A Broken Heart

Eyes of fire  
Voice like thunder  
Teeth like a knife  
That will tear at your skin

She's a hunter  
And she's hungry  
For the guilty  
And the innocent

Like a demon  
Like the angel of light  
She wants to take your soul  
And watch it ignite

They want her dead  
Or they want her alive  
But she's a wolf that just doesn't die

She'll bring you to your knees  
Down to your knees  
No one will hear you scream

She wolf  
Into the night she roams  
She wolf  
Don't walk the streets alone  
Into the night she roams  
She wolf  
Don't walk the streets alone

Got a shiver down my spine  
And a thought running through my mind  
Know who it is, won't turn around  
Run for my life but she's gaining ground

Eyes of fire  
Voice like thunder  
I keep on running  
Till I can't hear the sound

She's out to kill  
Set to destroy  
I don't want to be  
Her chewing toy

Take her back  
Where she belongs

It's a vicious attack  
So watch your back  
And don't stop running
