

## Seed To A Tree

Blind Melon

I guess you should listen to the song, then play it to  
get the rhythm down.

As I shit, I sit and wonder why  
My floor is so cold and my back broken tired  
But life is good, even though it won't be long  
With a candle comes emotions that  
Dance with the shadows on my wall  
What were you thoughts, as they  
Were flying through your mind  
Compared to what you feel from  
The bars your now behind  
If they could speak, what do you think  
They would say to you?  
I do believe you'd been better  
Off if you'd just told the truth

Never had a problem 'till I stood face to face with me  
And I wish there was a way for me to go inside so I could see  
All the faces of the people who have torn a piece from me
