Soul One

Blind Melon

How come, girl was there when I needed one How come, girl was there when the song is done Some say, open your eyes to a brighter light Okay, open my arms they were right

She was my soul one She felt she was the only one She was the sun, the sky blue eyes She was my soul one

Inside, pain in my heart often made her cry Outside, I cursed the birds and the sugar sky How long take to realize she's the one How long until I find my lost and lonely soul one

She was my soul one She felt like the only one She was the sun, the sky blue eyes She was my soul one

Should of never taken the time 'Cause I found myself living a lonely lie You said, you left to find yourself But I never, no I never got the chance to say good-bye

She was my soul one I though she was
