

## Anticipation

Blonde Redhead

Anticipate and evaluate  
What he thought  
And what I thought before  
You're broken like me  
Like me before

Dark place is your place  
I take dark drive to your place  
You're staring me  
You're staring with your inside eyes

Knowing you, knowing me  
We're deeply sorry  
You're broken maybe baby

Maybe it didn't happen  
Maybe all of this would go away  
And if we're ever young again  
He'll anticipate  
We'll evaluate
