

## Led Zep

## Blonde Redhead

Champion,  
I feel cold I know the way now always  
I'm not down oh no always  
Pounding always surrender always saw stars

I've known names  
Of those  
Oh yes, always  
A handful  
I'm not dumb like you  
Always angry  
Always politics  
Always commend  
Always trusting  
Always longevity
