

## Far Away

## Blood Red Shoes

Don't fool me around  
I've been waiting for this time to come  
It's all that we talked about  
This town is so cold  
Innocent into the night  
Caught my shadow looking ten feet tall  
And I see an open door  
We can just go

Far away out of sight  
Far away out of sight

My chest beats so hard  
Head in knots, I watch you doll yourself up  
Pack a suitcase coz we're leaving fast  
No more waiting games  
Pictures torn down from the walls  
We don't need to speak coz now  
We can just go

Were you listening? Let's go  
Took me all the way back into your car  
Where we going? I don't know  
I just wanna be anywhere but here

Far away, out of sight  
Far away, out of sight

Were you listening? Let's go  
Took me all the way back into your car  
Where we going? I don't know  
I just wanna be anywhere but here

Far away, out of sight  
Far away, out of sight
