

Ode for the Killswitch

Bloodpit

I'm a hypocrite and you feel like shit
I'm here to break the silence
I'm a hypocrite and you feel like shit
I'm the one who's handling the killswitch

refrain:

I don't mind
I don't care
There's nothing I won't dare
All the bridges burned behind
And I won't go
Until you know
There's nothing sacred
I'm planning for the next disaster

If I feel like shit I will throw my spit
And again I'm into violence
If I feel like shit you will the the hit
And your spirit is gone by the killswitch

refrain (2x)
