Blue Café

I wanna be your lady, baby, I want it all
I wanna see the sunrise, lately, I want it all
I wanna be your lady, baby, I want it all
I wanna see the sunrise take me out for a walk

I wanna go walking, take me out for a walk
I wanna be there where you intend to go
I don't get it freezing with you I don't get cold
I dream of falling right into arms of yours

I wanna be your lady, baby, I want it all
I wanna see the sunrise, lately, I want it all
I wanna be your lady, baby, I want it all
I wanna see the sunrise take me out for a walk

I wanna just tell them I dream of being yours
I keep on falling right into arms of yours
I want you to get me never try to go
I keep on saying I wanna be all yours

I wanna be your lady, baby, I want it all
I wanna see the sunrise, lately, I want it all
I wanna be your lady, baby, I want it all
I wanna see the sunrise

I want it all, see the sun in your eyes
I want it all, see the stars shining bright
Say you want it too, say you need it too,
Say you love me too 'cause I do, boy
Say you want it too, say you need me too,
Say you love me too...

I wanna be your lady, baby, I want it all
I wanna see the sunrise, lately, I want it all
I wanna be your lady, baby, I want it all
I wanna see the sunrise take me out for a walk

I wanna be your lady, baby, I want it all
I wanna see the sunrise, lately, I want it all
I wanna be your lady, baby, I want it all

I wanna be your lady, baby, I want it all
Wanna see the sunrise, lately, I want it all
Wanna be your lady, baby, I want it all
Wanna be your lady, baby...
