

## Miss America

Blur

Miss America sits in the shower  
She's plucking hours from the sky  
Picks up the telephone into another home  
Don't ask me why

I don't mind, I don't mind at all  
I love only you

She's a well wisher and she wishes you well  
wish away, wish away  
She's no jellybean, she's a Jemima ho ho  
Wish away. Wish away

I don't mind, I don't mind at all  
I love only you

Da do da da do

Here is here and I am here  
Where are you  
Far away, far away  
She's no jellybean, she's a Jemima ho ho  
Wish away, wish away
