## **Can't Help Falling in Love**

## **Bob Dylan**

Wise men say, only fools rush in But I can't help falling in love with you Shall I stay, will it be a sin If I can't help falling in love with you?

Like a river flows surely to the sea
Darling, so it goes, some things were meant to be
Take my hand, take my whole life too
For I can't help falling in love with you.
