

Inside Your Head

Bob Geldof

You got the gold, I got the lead
What the fuck`s going on
Inside you`re head

You got the juice, you left me the dregs
What the fuck`s going on
Inside your head

Must it always come to this
Someone out there
Must be taking the piss
Does it always have to
Turn to shit
Someone out there`s
Seriously taking the piss

You got the view, I got the ledge
What the fuck`s going on
Inside your head
You got the palace, you left me shed
What the fuck`s going on
Inside your head

You got a life, you left me for dead
What the fuck`s going on
Inside your head
So why put a noose around your neck
What the fuck`s going on
Inside your head
