

Jingle Bells

Bob Rivers

Yo, yo

Jingle Bells, Jingle Bells
Jingling all the way
Oh what fun it is to ride
Grab your coat, you'll sleep in late

It's just a white Christmas (hello my man)
I'm leaving blood in the snow and smacking fat men
You mean Santa, that boy's a bitch
He caught my mom Christmas cheatin' tryin' to give her kiss
For real he's no joke, that guy don't play
He tried to ride way more than a one-horse-sleigh
Laughing all the way, but he's not laughing today
Jingle more than his bells, even the elves with pay
COME CHRISTMAS EVE, OLD NICK'S A GONNER!
We'll be snacking on deer, Eatin' Blitzen and Donor
Not a question of when, not even a maybe
Have a drunk Mrs. Clause saying, Jingling Baby!
Give a new meaning to 'ho, ho, ho'
Shake that ass girl, bump your booty in the snow
So watch out Santa, you jolly old troll
We'll be strippin' that sleigh and leave you cold

Jingle Bells, Jingle Bells
Jingling all the way
Oh what fun it is to ride in a cop drop Chevrolet, hey
Jingle Bells, Jingle Bells
Jingling all the way
Oh what fun it is to ride
Grab your coat, you'll sleep in late

Playing reindeer games, hell yeah my friend
Grab Rudolph's horns, see how far they bend
When the snow turns bad, hand jacks off in bed
Back out to the woods with his faggy elf friend
Oh, Santa Claus did molest me last night
In fact, could have me listed as 'naughty' twice
Not cuz of the fight, or the Christmas gift hype,
Because of the nog, I left on his white
It's time for old nick to move and retire
Or we roast his nuts on a bigass fire
Yes I'm that bad, Yes, I'm that crued
I mean your ass is huge, lose weight, for real dude
All the cookies and milk, simply quite jk
I mean, when's the last time you've seen your dick
I don't mean to throw a fit and I'm not one to bitch
But every year I get underwear, socks, and shit

Jingle Bells, Jingle Bells
Jingling all the way
Oh what fun it is to ride in a cop drop Chevrolet, hey
Jingle Bells, Jingle Bells
Jingling all the way
Oh what fun it is to ride
Grab your coat, you'll sleep in late
(yo)
