

Jubilee

Bobby McFerrin

There's excitement in the air
and everywhere there's music and love to share
everyone is free
with everything we're pleased
these great abilities
we'll work 'em in you'll see the jubilee

here's more than you will need
take a joy filled on some happy fuel
feel however you feel your feelings through
and to it be true welcome in the new

Where happiness abounds
there it can be found
here, here inside the heart
and when nothing comes apart
there's a brand new star arising

Dancing on the sea
not impossibly
miracles a rule
come and change your mind
you don't have that much time
wasted life's a crime
love guarantees you'll find the jubilee
