

# This Is Our House

Bon Jovi

This is our time  
This is our night  
Are you alive?  
Get up, get up, get up, get up, time to fly

Are we gonna raise the roof? (Oh yeah)  
Are we gonna touch the sky? (Hell yeah)  
Everybody with me let me hear you now  
Yeah yeah yeah yeah yeah yeah

This is our house  
These are my people, listen, this is my town  
This is our house  
Ain't nobody know we're gonna knock it down  
(Oh whoa oh oh oh oh oh)  
This is our house  
(Oh whoa oh oh oh oh oh)

With the wind and our time  
We have arrived  
We won't be denied  
Get up, get up, get up, get up, time to shine

Are we gonna turn it up? (oh yeah)  
Are we gonna shake it up? (hell yeah)  
Everybody with me let me hear you now  
Yeah yeah yeah yeah yeah yeah

This is our house  
These are my people, listen, this is my town  
This is our house  
Ain't nobody know we're gonna knock it down  
This is our house  
These are my colors, this is sacred ground  
This is our house  
Ain't nobody know we're gonna knock it down  
This is our house (Oh whoa oh oh oh oh oh)  
This is our house  
Ain't nobody know we're gonna knock it down
