We lovin' that thugsta shit so nigga just throw your pumps in the air
Then you pump pump put one in a coppa like ya just don't care

Better check my manuscript

Thug with Lil' Ripsta number one with the gun come come get some
Senseless killa Fifth Dog and posse run get gone
Fuck with the Bone four niggas strong leave 'em alone til' it be on

Me lovin' to smoke tweed and me weed man
They givin' me what me need man when I light my blunt

So come to The Land where all the thugs be real
Them St. Claire niggas they ain't no joke
so catch a slug or chill nigga

I'm lil' ripsta, im...
Leather face comin' to kill them at night
Die Die Die
so we buck them studio thugstas I'm...
willing and ready to ride

Lie down with your hands behind your back
Naw bitch you lie your funky ass on the ground..now
This seemingly routine investigation
had become a horrible nightmare..

Running with gats and bats
so nigga don't test rest or you get a peeled cap
pap pap that pump better check that gun
for a nigga done get that skull cracked
Lil' Rip done rolled up
the bigger the nigga the quicker get showed up
Let's swerve to the birds set up a hold up

so many bodies me blowed up
Nuts bucks and guts nigga mistakin' them balls for dogs
All niggas'll get mauled no thing to pick up a pump
and people know ya and never hold ya especially when them rolls up
Bet I bringin' in them guns run a thug get low down
You don't wanna get nutted cause' nigga you gonna get bloody
once you see the braids and skully
Cuttin' that throat when I'm rippin' up somethin' lovely
What is it in ya? deep in the dead when we get fried
POD when I comes to ride
Creep but you sleep and then fall in the night
once inside forgettin' about remorse your curse will ride
cry now when you're ready to lie down
when I'm weak in a mental state
Somebody gonna die now

meanwhile swerve to the burbs

Man he just all of a sudden just jumped out of a window
I didn't know what was goin' on I'm just walkin' by
Just got a bottle of wine..
I was just walkin' by
and all I seen was him jump when that lady yelled
(And that was it.) I don't know?
Well I saw his wife begging him
and she said "don't jump" and he did
Did you know the guy?
He sure had a problem
That's all I could tell ya
All I seen was them put the lady in a police car
and take her I guess it was his wife
