willing and ready to ride
I pop pop droppin' them niggas with the glock gun
Nigga, you best start run, duckin' the shotgun
leavin' 'em up off my block stunned
One eighty seven lesson and we done told ya
you fuckin' with Bone you better believe we livin' like soldiers
We lovin' that thugsta shit so nigga just throw your pumps in the air
Then you pump pump put one in a coppa like ya just don't care
You don't wanna fuck with you don't wanna buck with a realer nigga
Better check my manuscript
drugdealer, killa, cabbage peeler
Thug with Lil' Ripsta number one with the gun come get some
Senseless killa Fifth Dog and posse run get gone
Fuck with the Bone four niggas strong leave 'em alone til' it be on
Krayzie put on one in your dome
and nigga be thinkin' I'm wrong so go on
Cause nigga the sawed-off ain't full of shit
Me lovin' to smoke tweed and me weed man
They givin' me what me need man when I light my blunt
fold the niggas up in me hood so when we smoke smoke
get paid good so we gonna blaze good
So come to The Land where all the thugs be real
Them St. Claire niggas they ain't no joke
so catch a slug or chill nigga
I'm lil' ripsta, im...
Leather face comin' to kill them at night
Die Die Die
so we buck them studio thugstas I'm...
willing and ready to ride
Lie down with your hands behind your back
Naw bitch you lie your funky ass on the ground..now
This seemingly routine investigation
had become a horrible nightmare..
Running with gats and bats
so nigga don't test rest or you get a peeled cap
pap pap that pump better check that gun
for a nigga done get that skull cracked
Lil' Rip done rolled up
the bigger the nigga the quicker get showed up
```

Let's swerve to the birds set up a hold up

so many bodies me blowed up

Nuts bucks and guts nigga mistakin' them balls for dogs

All niggas'll get mauled no thing to pick up a pump

and people know ya and never hold ya especially when them rolls up

Bet I bringin' in them guns run a thug get low down

You don't wanna get nutted cause' nigga you gonna get bloody

once you see the braids and skully

Cuttin' that throat when I'm rippin' up somethin' lovely

What is it in ya? deep in the dead when we get fried

POD when I comes to ride

Creep but you sleep and then fall in the night

once inside forgettin' about remorse your curse will ride

cry now when you're ready to lie down

when I'm weak in a mental state

Somebody gonna die now

meanwhile swerve to the burbs

Man he just all of a sudden just jumped out of a window I didn't know what was goin' on I'm just walkin' by Just got a bottle of wine..
