## Lay Your Heart On The Line

## **Bonfire**

I can relate that you're hiding your feelings too many times they've been makin' you sad Girl I'm the man who won't play with your yearnings Open up your heart babe 'cause I won't treat you bad Deep down inside you're so hungry baby Make up your mind 'cause we ain't livin' in sin **CHORUS** Lay your heart on the line don't keep it inside 'cause love just walked into your door Lay your heart on the line and you'll gonna find the reason we're livin' for Caught up in dreams, why don't you surrender whole lotta passion is waiting for you What does it take to be part of your dreamin' Love ain't just a word, c'mon open up inside Don't loose yourself in hesitation you gotta fight - straight from your heart - straight from your heart CHORUS
