

Die Matrosen

Book Of Love

Once in an evening
she entered in the pub
there was something
that pushed him up
he had a blackout
he's lost control

He moved his feet
straight to her seat
he asked frightened
the girl for a date
with a smile on her face
she told him yes

He is waiting
she's a one way street
time is running
and she don't come
he don't know
which way to run
