Borgore

I can't describe love  
But I can feel it  
My heart is protected  
but she can steal it

I can't describe love  
But I can feel it  
My heart is broken  
But she can heal it

She's a good girl  
She is like an angel  
She is like a Taylor  
Or even better

She's a good girl  
She is like an angel  
She is like a Taylor  
So I fuck her like I hate her (So I fuck her like a..)
