

Under False Flag

Born from Pain

The ruthless, the shameless, the faceless.
Devouring, usurping for ages.
Saving us from threat, slavery ahead, freedom slips away.
Calculate, decimate, shaping fate.

Shutting my eyes.
I realize.
We are kept from the truth.

The ruthless, the shameless, the faceless.
Legislate, obliterate, shaping fate.

Shutting my eyes.
I realize.
We are kept from the truth.

Question always, look for truth.
Propaganda shaping you.
Control your thought, control your mind.
Rewrite the past, fail to fight.

Shutting my eyes.
I realize.
We are kept from the truth.
