

What's The Time (Hey Buddy)

Bow Wow Wow

I went to see, to see what I could see
I couldn't find no one, but everyone found me
It ain't no good to fool around all day
So listen everybody, 'cos here is what we say

Chorus:

What's the time, hey buddy, hey buddy-buddy-buddy-buddy-buddy
What's the time, hey buddy, hey buddy-buddy-buddy-buddy-buddy
What's the time, (as you walk) I don't know, (as you fly) I don't know
(As you climb) I don't know
It better get better, it better get better

I'm not shy and, will someone lend a hand
Don't sit around all day, don't want to join a band
It ain't no good to fool around all day
So listen everybody, 'cos here is what we say

chorus

I'm in here and I really don't care, I'm much too hip and groovy, oh

chorus repeats 2x
