

# The Dog in Me

**Bow Wow**

Yeah

I'm the hottest thing to hit the block since the CFI  
From CO to ATL I ,keeps it live  
Like a fresh pair of 23's, once seen  
Niggas can't get enough of me, my team  
gettin' this paper from all angles  
Which means everybody got a triangle  
Ya heard me?  
I'm the truth like beans  
And when it comes to teens in this rap thing  
You looking at the rock  
Not to mention that I'm hot  
Yeah you already know  
And I shuts down the spots wherever I go  
Call me the Tiger Woods of this  
Young and explosive  
I come with the dopest flow at 13 like whoa

Little girls think that I'm delicious  
Grown folks say I'm just too vicious  
But they don't understand  
It's just the dog in me  
And that's just the way I am  
Mess with me you get bit  
In 2k I ain' t havin it  
What y'all don't understand?  
It's just the dog in me  
And that's just the way I am

Lil man with big checks  
Lil man thats got big girls  
Wanting to teach me about sex  
I don' t care who coming  
Cause I' m here now  
A hundred miles runnin'  
Lil Bow Wow  
Drop bombs like flex constantly  
And at 6 o' clock  
You can find me on Craig street  
Can' t wait till I can see what the club be bout  
Can' t wait to get a whip  
So I can dub it out  
I like no gold, I rock corn rolls  
The only way I know to hit the block is on swoll  
Can never get enough dough  
So I keep grinding  
So I can keep shining  
And big tymin' like baby

Little girls think that I'm delicious  
Grown folks say I'm just too vicious  
But they don't understand  
It's just the dog in me  
And that's just the way I am  
Mess with me you get bit  
In 2k I ain' t havin it  
What y'all don't understand?

It's just the dog in me  
And that's just the way I am

Now my wallets to deep for y' all cats to swim  
So if you copy me I 'm dissin ' you like Eminem  
I mean straight to your face or live on TV  
I might look cute but it's the dog in me  
That makes me wanna tear up, everything in sight  
Jump from girl to girl to stay out all night long  
I'm little but I get my mack on  
With my nick nack patty wack, def back-bone  
Got everybody at home glued to their tube  
Waiting to see what I drop new like Clue  
Cause when I do what I do I breaks the bank  
Cause a dog ain' t a dog without a pile of stank unh

Little girls think that I'm delicious  
Grown folks say I'm just too vicious  
But they don't understand  
It's just the dog in me  
And that's just the way I am  
Mess with me you get bit  
In 2k I ain' t havin it  
What y'all don't understand?  
It's just the dog in me  
And that's just the way I am
