

And I Think You Like Me Too

Bowling For Soup

I saw you checking out the jukebox in the bar
So I hit up a biker for some change
I asked if you had ever heard 1985
You just looked at me like I was strange
You ordered jello shots and, I stuck with a beer
You tried to punch the waitress I said let's get out of here
We stumbled through the parking lot somehow you lost your shoe
I think I like you and I think you like me too

La la la la la la la la

We stole a Prius and we drove it to the beach
And set that thing on fire and made some s'mores
You looked so sexy when we robbed that B of A
You whispered through your mask that I was yours
We went to Six Flags and we cut in all the lines
And then you flashed your boobies on the roller coaster ride
Between the two of us we kissed half of Motley Crue
I think I like you and I think you like me too

La la la la la la la la

Climbing fences, jumping gates
Wanted by cops in seven states
I'll never introduce you to my mom
But you and my dad might get along
If he ever digs that tunnel and escapes from jail

I saw you checking out the jukebox in the bar
That biker guy was passed out on the floor
We took his wallet and the keys to his Harley
And now he doesn't have them anymore

La la la la la la la la
I think I like you and I think you like me too
La la la la la la la la
I think I like you and I think you like me too
La la la la la la la la
I think I like you and I think you like me too
La la la la la la la la
I think I like you and I think you like me too
La la la la la la la la
I think I like you and I think you like me too
La la la la la la la la
I think I like you and I think you like me too
La la la la la la la la
I think I like you and I think you like me too
La la la la la la la la
