

## Hang On

Bowling For Soup

1. I used to see you every morning  
Even when I didn't want to  
You used to like to watch us play downtown  
As long as I sang a song for you  
  
R: But nothing stays the same  
And it's drivin' me insane  
Oh, you know we've got it so bad  
And nothing you can say  
Can make me want to stay  
But still you're hangin' on
2. You say you never saw this comin'  
So why does it always fall on you  
I think you call me every time you see a phone  
You hang but I know its you
