

# Bigger Than War

Boy George

I'll size it up if you want me to  
it's bigger than me, the song you love,  
the ones you hate, Eyeliner voodoo,  
here we go again.

Bigger than you, bigger than me  
love is bigger than war. (2x)

Holds us together tears us apart  
make us forget and remember who we are  
just like an atom it's here and it's there  
better run for cover when love is in the air

Bigger than you, bigger than me  
love is bigger than war. (2x)

Bigger than The Beatles, the rolling Stones  
bigger than Elvis, but not YOKO  
Bigger than you, bigger than me  
love is bigger than war.

Everything I learned about love  
I learned it from you  
everything I learned  
About love like what not to do,  
love, love glorious love makes you crazy  
But you want that stuff  
New York love, London love  
French Italian Jamaican Love.

Bigger than you, bigger than me just  
Like an atom it's here and it's there  
better run for cover when love is in the air

Bigger than The Beatles, the rolling Stones  
bigger than Elvis, but not YOKO  
Bigger than you, bigger than me  
love is bigger than war.
