

State Of Love

Boy George

Everybody's always talk talk
Talkin' about the state of love
State of love
Everybody's always talk talk
Talkin' about the state of love
State of love
Everybody's always talkin' about the state of love
Yes they do
Everybody always wants to be your friend
Oh yeah
When it comes down to give and go
Ain't nobody there
Nobody there
'Cause everybody has to say that you're ok
Yes they do
Because the state of love
Has an answer to
What you wanna say
The state of love
Has an answer to
Everybody's always talkin' about being special
Everybody always wants to hunt you down
When it comes down to give and go
Ain't nobody there
Nobody there
'Cause everybody has to say that they're ok
Yes they do
