

Too Much Love

Boy George

You'll get over it they say
Plenty fishes in the sea
But ooh my life has changed
Since you put your love in me
All my friends with their advice
Trying to help me with my life
And it's sadder than the movies I see
Let me tell you now
Too much love
is a bad thing
Too much love
is a bad thing
When I see you in on the street
With that sorry looking face
Saying how I done you in
But you know that's not the case
Wherever I go
Whatever I do
It seems like nothing I can ever say
ever pleases you
I'm weak and you're strong
You're wrong and right
Too much love
