

# Love Is a Hurricane

Boyzone

Whoa  
I lie in bed but I can't sleep  
On the ledge but I can't leap  
Even doing nothing is so hard to do  
To do  
On my tongue but I can't speak  
The simple things are sometimes deep  
I only hope that this means something to you  
To you  
I want to spend my life with you right by my side  
Cause when you kiss my lips I see lighting in the sky  
That's like  
One step forward and two steps back  
Cause love is like a hurricane  
When you're with me I'm on track  
We're riding on the crazy train  
I'll be fine  
If you're mine at the end of the line  
Butterflies I want to keep  
I try to laugh but I just weep  
There's something about you gets me just so deep inside, inside  
I want to spend tonight just looking in your eyes  
I feel like a millionaire but I don't have a dime  
It's like one step forward and two steps back  
Love is like a hurricane  
When you're with me I'm on track  
We're riding on the crazy train  
I'll be fine  
If you're mine at the end of the line  
Let me love you  
Won't you let me love you  
Won't you  
You got me lovin you  
yeah you got me loving you  
Oh you got me loving you  
Girl you got me loving you  
One step forward and two steps back  
You're love is like a hurricane  
When you're with me I'm on track  
We're riding the crazy train  
I'll be fine  
If you're mine at the end of the line
