A-1 On The Jukebox

When I started out I thought that I'd make it double quick I had that kinda confidence that I was picked to play But if you could stand in my shoes you wouldn't feel so smart 'Cause I'm A-1 on the jukebox, nowhere on the charts

My Agent gives me spendin' cash, his pockets seem so deep I'd live just like a millionaire if it were mine to keep But money ain't a problem, no, though it may be a part When you're A-1 on the jukebox, nowhere on the charts

A-1 on the jukebox, played in every bar A-1 on the jukebox, a big rock older star I know we're on the hit parade 'cause no one likes my art And I'm A-1 on the jukebox, nowhere on the charts

A-1 on the jukebox, played in every bar A-1 on the jukebox, a big rock older star I've seen the fortune on the trays They take my every cent I see my name in black and white But words don't pay the rent I know that I could make a run if only I could start But I'm A-1 on the jukebox, nowhere on the charts Yes, I'm A-1 on the jukebox, nowhere
